Movement Started to Organize One in This City.

It is proposed to organize in this Disrict an association of national banks, trust companies and private banks, such as exist elsewhere. For the purpose of learning the sentiment of the bankers of the District on this subject Thomas Hyde, vice president of the Riggs National Bank; Clarence Norment, president of the Central National Bank, and C. J. Bell, president of the American Security and Trust Company, formed themselves into a committee and have sent to the various banking institutions a letter asking if they favor such an organisation, and requesting that they will state whether they will become members of an association. Johnson represented the parties in favor of having the report confirmed. The matter grew out of a suit of L. Strauss & Co. of Baltimore against Thomas D. Downey. The commissioner's report included a lien for taxes on the estate of J. T. Downey. Thomas D. Downey and others, devisees in remainder, filled exceptions on the ground that all the taxes reported as a lien affected only the life interest of Mary Downey, devisee for

life, and did not concern the estate of the remainder men. The court held that there was no lien for taxes on the real estate payable by the life tenant and constituted a lien only on her life estate.

CHARGED WITH BURGLARY. William Doherty Arrested and Ac-cused of Crime,

William Doherty, twenty-one years old, who lives at 908 2d street northeast, and who served in the United States army during the war with Spain, was arrested between 2 and 3 o'clock this morning by Policeman Hibbs of the sixth precinct and a citizen, and locked up on a charge of burglary. The officer found on him two bottles, partly filled with whisky, and a number of cigars. The bottles of liquor were identified as the property of Mrs. Catharine Sullivan, who keeps a saloon on Massachu-

setts avenue and 2d street northwest. A

revolver was also taken from the saloon, but this was not recovered.

J. P. Smith, whose cigar store at 4th and G streets northwest was also robbed this morning, identified the cigars taken from the prisoner as being similar to some that were taken from his store. An investigation made by Policeman Hibbs resulted in his ascertaining that Smith's cigar store

was robbed a short time after midnight. The store was entered by forcing open the door with a chisel and six boxes of cigars valued at \$17 were stolen. Later on Mrs. Sullivan's borroom was robbed of the articles mentioned, and a gold stick pin, set with pearls and diamonds. It was about 2 o'clock when Policeman

Hibbs and a friend saw two men near the saloon of George N. Nix, corner of 2d and H streets, only a short distance from Mrs. Sullivan's place of business. One man went to the door of the saloon and proceeded to break the glass, working only when a vehicle was moving over the stone pavement, which would make a noise, so that the breaking of the glass could not be heard by occupants of the house or by pedestrians. While he worked at the glass in the door, the second man was apparently on guard across the street, for he whistled every time he noticed a pedestrian approaching. Finally the officer made an effort to apprehend the men, and Doherty was overtaken after a short chase. He denied that he had done anything wrong, and said the bottles of whisky and cigars had been put in his pockets by a friend whom he met near the H street crossing of the Baltimore and Ohio railroad. second man was arrested on suspicion later in the morning, but was subsequently re-

VERDICT FOR PLAINTIFF.

the sum of \$10,000 has been instituted by Margaret Lehman and others, as administrators of the estate of Michael Connor, de-ceased, against the Baltimore and Ohio Railroad Company. In the declaration it is set forth that a vehicle, in which the deceased was crossing the Eckington tracks of the defendant at S street, the 28th of last June, was struck by an engine of the defendant, Mr. Connor being fatally injured in the collision. The plaintiffs are represented by Attorney John Ridout.

FAVORABLE REPORT.

Assessor Indorses Application Made by Property Owners. Mr. H. H. Darneille, the District assessor, has recommended favorable action

upon the applications of Wm. H. Manague for the remission of interests and costs upon the second and third installments of an assessment against George W. Ballinger for a sewer in 31st street, and an assessment against Martha A. Keys for a sidewalk on I street. In the case of the sewer assessment the work was done under the act of August 6, 1890, which contained no provision for the advertisement of intended work, and in the sidewalk case

the advertisement was not inserted a suffi-cient number of times.

The assessor has also recommended favorable action upon the request of Eliza-beth A. Moore for a cancellation of the second half tax for 1888 on property owned by her and which was bought upon the strength of a tax certificate which omitted

the delinquent tax.

He has recommended adverse action upon the request of Wm. L. Peabody, in behalf of Mrs. Bakersmith, for the remission of penalties and interest on the tax for the year 1884. Mr. Darneille says the tax was duly advertised, and it appears that all the requirements of law were complied with.

Adverse Report. E. P. Rhoderick of 911 French street

northwest recently requested the District Commissioners to plant trees on the north side of T street between 1st street west and Lincoln avenue east. Trueman Lanham, the superintendent of parking, has reported that he has examined the place, and that twenty trees would be required to do the planting, but as there is neither curb nor sidewalk, and as the banks of adjacent lots cover the sidewalk space and encroach on the streets, he recommends that the request be not granted at this

Remission of Interest and Costs. The District Commissioners have ordered favorable action upon the request of F. H. Stephens, attorney for Mary A. Dugan, for the remission of interest and costs on a paving assessment against property held by his client. The assessment was levied under the act of March 2, 1889, which has been declared invalid by the Supreme Court of the District, because it contained no provision for the advertisement of intended work.

The District Commissioners have granted

the request of Sarah J. Doughty of 1449 Pennsylvania avenue southeast that she be allowed temporarily to dispense with mak ing drainage connections in the rear of the premises until a sewer is laid in 15th street southeast. The inspector of plumbing, in reporting upon the matter, said: "The statement made that the roof water is carried to a cistern and saved for the watering of greenhouse plants, I find to be true. There is no roof which drains on the adjacent is no roof which drains on the adjacent surfaces except the stable roof, which is located entirely on public space dedicated for alley purposes. Both at the side and rear of the house are found spaces that are cultivated for the culture of garden produce and flowers. The soil is highly absorptive, so that it does not appear that water runs off even in severe rains. If water flows from these surfaces it will flow only flows from these surfaces it will flow only would seem to me to justify the granting of the request, and I recommend that the owner be informed that downspout connections or yard drainage will not be required until a different disposition is made of the roof water or nuisance, or complaint exists against the present methods."
